IMPORTANT NOTICE

As the College Session is short, the student must be prepared to do intensive work from the first day of the Session to the last. Unless a student adapts himself to these conditions, his chances of success are slight.

Application for admission should be made as early as possible after September 3, 1931, at the office of the Registrar, Victoria College.

VICTORIA COLLEGE

In Affiliation with the University of British Columbia

THE purpose of Victoria College is to give students of Victoria City, adjacent municipalities, and Vancouver Island generally, an opportunity of receiving instruction in the first two years in the Arts and Science course (including Commerce) and in the First Year of Applied Science as prescribed by the University of British Columbia. Students can attend classes on the same curriculum as obtains at the parent University; they are submitted to the same tests and examinations, and may proceed directly to their next year in the University of British Columbia, or in any other University which accepts the certificates of the University of British Columbia.

The College building is situated near the junction of Yates and Fort Streets, within two minutes' walk of the street cars, and commands the most beautiful views of the City of Victoria, of the Gulf of Georgia, and of the Olympic Mountains in the State of Washington.

Students from a distance who intend to make teaching their life work, and who choose the Victoria Normal School as the place of their professional education, will find Victoria College admirably situated for the non-professional part of their studies, as they will be near the Principal of the Normal School, who is always pleased to give advice and assistance to young people who wish to enter the teaching profession.

Matriculation requirements are those of the University of British Columbia.

GENERAL INFORMATION

The Session

The College Year or Session is divided into two terms. The first begins on Monday, September 21st, 1931, and the second on Monday, January 4th, 1932.

Courses of Study

For the Session 1931-32 the College offers instruction in the first two years of the Faculty of Arts and Science (including Commerce), and the first year in the Faculty of Applied Science, leading to the degrees of Bachelor of Arts and Science, Bachelor of Commerce, Bachelor of Applied Science. Courses preparatory to Medicine, Nursing, Home Economics and Law are given in so far as the curriculum applies.

Board and Residence

A list of approved boarding-houses which receive men and women students, but not both, may be obtained from the Registrar. Men and women students are not permitted to lodge in the same house, unless they are members of the same family, or receive special permission from the Faculty.

REGISTRATION

Office opens for registration, Thursday, September 3.

Application for Admission

All inquiries for admission to the College should be addressed to the Registrar.

Except under special circumstances, no student under the age of sixteen is admitted to the First Year Courses in either of the Faculties.

Candidates for admission to the courses in the First Year are required to pass the Junior Matriculation Examination of the Province of British Columbia, or to submit certificates showing that they have passed an equivalent examination elsewhere.

Students who have passed the Senior Matriculation Examination are admitted to the course of the Second Year in the Faculty of Arts and Sciences.

Students who have partial Senior Matriculation standing obtained in 1927 or subsequently, will be granted credit in First Year Arts in each subject in which they have made 50 per cent, or over, or in each paper in which they have made 50 per cent, or over in so far as these papers correspond with those of First Year Arts. Students over 18 years of age with full "Normal Entrance" standing who hold Normal School certificates are admitted to the College as having full Junior Matriculation standing.

Those who intend to register as students of the Victoria College for the session 1931-32 are required to make application to the Registrar before Wednesday, September 10th, on forms to be obtained at the Registrar's office.

There are three classes of students:

(a) **Full Undergraduates** — Students who have passed all the examinations precedent to the year in which they are registered.

(b) **Conditional Undergraduates** — Students proceeding to a degree, but who have incomplete entrance qualifications, or who are required to pass supplemental examinations in a year previous to that in which they are registered.

(c) **Partial Students** — Students not belonging to one of the two preceding classes.

Partial students are not normally required to pass an examination for admission, but, before registering, they must produce a certificate showing that they have satisfied the Principal and the Heads of the Departments concerned that they are qualified to pursue with advantage the course of study which they propose to undertake.

Students living out of town may register temporarily by mail on forms obtainable at the College, provided they complete their registration by the opening day. All other students are required to attend in person at the office of the Registrar between Thursday, September 3rd, and Wednesday, September 16th, to furnish the information necessary for the College records, to register for the particular classes which they wish to attend, and to sign the following declaration:

"I hereby accept and submit myself to the statutes, rules, regulations and ordinances of the Victoria College and of the Faculty in which I am registered, and to any amendments thereto which may be made while I am a student of the College, and I promise to observe the same."

In the information furnished for the College records, students are requested to state what churches they propose to make their place of worship. This information is available for any of the city churches desiring it.

Students registering for the first time must present the certificates which constitute their qualification for admission to the course of study for which they wish to register.

ATTENDANCE

Students are required to attend at least seven-eighths of the lectures in each course that they take. Admission to a lecture or laboratory and credit for attendance may be refused by the Instructor for lateness, misconduct, inattention or neglect of study. Absence consequent on illness or domestic affliction may be excused only by the Principal, and medical certificates or other evidence must be presented immediately to the Registrar on return to College work. In cases of deficient attendance students may (with the sanction of the Principal and the Head of the

Department concerned) be excluded from the Christmas or the final examination in a course; but unless the unexcused absences exceed one-fourth of the total number of lectures in a course, such students may sit for supplemental examinations.

The College week is from Monday to Saturday inclusive, and lectures and laboratories may extend from 8 a.m. to 6 p.m.

FEEES

1. For Full and Conditioned Undergraduates (Students taking a complete course)—

Tuition Fees	\$100.00
Caution Money	2.00
Alma Mater Fee	6.00
Total	\$108.00

These fees may be paid in two instalments, \$58.00 before October 5th, and \$50.00 before January 18th.

2. For Partial Students—

Registration Fee, for students registering for the first time at Victoria College	\$20.00
Alma Mater Fee and Caution Money	8.00
Fee for each 3 unit course	20.00

These fees may be paid in two instalments, the Alma Mater Fee, Caution Money and half the Tuition Fee before October 5th, the remainder before January 18th.

After October 5 and January 18, a fee of \$2.00 will be exacted from all students in default.

The Alma Mater Fee, which includes subscriptions to the Annual and Handbook, and the locker fee, is a fee exacted from all students for the support of the Alma Mater Society, and was authorized by the Board of Governors at the request of the students.

The Caution Money is a deposit from which deductions will be made to cover damages to the College buildings, furniture or other property, as well as breakages, wastage, and use of special materials in laboratories, etc. If the balance to the credit of a student is exhausted, a further deposit of \$2.00 is required.

3. Students registering after October 5th shall pay their fees at the time of registration.
4. Special fees are—Regular supplemental examination, per paper.....\$5.00

Supplemental examination fees must be paid two weeks before the examination.

I.—COURSES LEADING TO DEGREE OF B.A.

First and Second Years

The work of the first two years consists of 30 units, 15 of which must be taken in each year.

Each student must take:	Units
(a) English 1 in the First Year and English 2 in the Second Year.....	6
(b) The first two courses in a language offered for Matriculation, one course in each year....	6
(c) Mathematics 1, in the First Year.....	3
(d) Economics 1, or History 1 or 2 or 4, Philosophy 1	3
(e) Biology 1, Chemistry 1, or Physics 1 or 2....	3
(f) Three courses, not already chosen, selected from the following: Biology 1, Chemistry 1, Chemistry 2, Economics 1, Economics 2, French 1, French 2, Geography 5, Beginners' Greek, Greek 1, Greek 2, History 1, History 2, History 4, Latin 1, Latin 2, Mathematics 2, Mathematics 3, Mathematics 4, Philosophy 1, Physics 1, Physics 2, Zoology 1....	9

Note.—Economics 1, Philosophy 1 are open to First Year students only if the permission of the Heads of these departments is obtained. History 2 is open to First Year students only if they are preparing for entrance to the Normal School. Zoology 1 and History 4 are not open to First Year students.

No beginners' course in a language will count towards a degree unless followed by a Second Year's work in that language.

Students, who have not matriculated in Greek may take the beginners' course (without University credit) to meet the Junior Matriculation requirement and follow it up with Greek 1 and Greek 2 to meet the language requirements under 1 (b).

A student taking three languages in the first two years may defer the course selected under (c) above until the Third or Fourth Year. A student taking four science courses may defer the course selected under 1 (d) to the Third or Fourth Year.

II.

COURSES LEADING TO THE DEGREE OF B.A.Sc. (APPLIED SCIENCE)

First Year

Students register in Arts and take the following courses: English 1, Mathematics 1, Chemistry 1, Physics ~~1~~ or 2, ~~Latin~~ or French 1.

The passing grade is 50 per cent in each subject. No student with any supplemental outstanding will be admitted to Second Year Applied Science.

Biology 1, if taken as an extra optional subject, and passed with a grade of at least 50 per cent., need not be repeated in the Second Year. Economics 1, taken in Arts, is accepted in lieu of Economics in Applied Science.

A reading knowledge of French and German is desirable for students in Engineering.

III.

COURSES LEADING TO THE DEGREE OF B. COM. (COMMERCE)

First and Second Year

Students must take:

First Year—

- (a) English 1.
- (b) The first course in a language offered for Matriculation (Latin, French or Greek).
- (c) Mathematics 1.
- (d) Economics 1.
- (e) One course selected from the following: Biology 1, Chemistry 1, Physics 1, or Physics 2.

Second Year—

- (a) English 2.
- (b) A continuation course in the language taken in the First Year.
- (c) Mathematics 3.
- (d) Economics 2.
- (e) Geography 5.

A clear academic record at the end of the Second Year is required of all students proceeding to their Third Year. Students intending to enter Commerce at the University of B. C. after two years at Victoria College should inform the Registrar not later than March 31st.

Students taking Commerce are advised to obtain as much business experience during the summer vacation as possible.

IV. DOUBLE COURSE FOR THE DEGREES OF B.A. and B.A.Sc.

(6 year course, two of which may be taken at Victoria College)

The requirements for the first and second year are as set forth for the first and second years of Arts except as follows:

1. Physics 1 or 2, and Chemistry 1 must be taken. The passing grade for each of these subjects is 50 per cent. Students are recommended to take Mathematics 2c (Calculus).
2. Biology 1, Chemistry 2, Mathematics 2a and 2b may not be taken. These are covered later in Applied Science.
3. Two years in the language elected are necessary to count towards a degree.

Students intending to pursue courses in Medicine, Home Economics, Law, Physical Education, etc., should obtain particulars of the requirements for these courses from the University or Institution at which they plan later to study.

EXAMINATIONS AND ADVANCEMENT

1. Examinations in all subjects, obligatory for all students, are held in December and in April. Applications for special consideration on account of illness or domestic affliction must be submitted to the Registrar not later than two days after the close of the examination period. In cases where illness is the plea for absence from examinations, a medical certificate must be presented to the Registrar's office.

2. The passing mark will be 50 per cent. in each subject, except in the case of First and Second Year Arts and Science students who during one session do 15 units of regular work, in which case an aggregate of 50 per cent. will be required and not less than 40 per cent. in each subject. In Beginners' Greek, however, the passing mark is 50 per cent. In any course which involves both laboratory work and written examinations, students may be debarred from examinations if they fail to present satisfactory results in laboratory work, and they will be required to pass in both parts of the course.

3. Successful candidates will be graded as follows: First Class, an average of 80 per cent. or over; Second Class, 65 to 80 per cent.; Passed, 50 to 65 per cent.

4. A student who makes 50 per cent. of the total required for a full year's work (at least 15 units chosen in conformity with calendar regulations), but who fails in an individual subject, will be granted a supplemental examination in that subject if he has not fallen below 30 per cent. in that subject. If his mark is below 30 per cent. a supplemental examination will not be granted. Notice will be sent to all students to whom supplemental examinations have been granted.

A student who makes less than 50 per cent. of the total required for a full year's work (15 units) will not be allowed a supplemental examination.

5. A request for the re-reading of an answer paper must be forwarded to the Registrar WITHIN FOUR WEEKS after the results of the examinations are announced. Each applicant must state clearly his reasons for making such a request in view of the fact that the paper of a candidate who makes less than a passing mark in a subject is read at least a second time before results are tabulated and announced. A re-reading of an examination paper will be granted only with the consent of the Head of the Department concerned. The fee for re-reading a paper is \$2.00.

VICTOR

OLLEGE

6. Supplemental Examinations will be held in September. To pass a supplemental examination a candidate must obtain at least 50 per cent.

A candidate with a supplemental examination outstanding in any subject which is on the Summer Session curriculum of the University, may clear his record by attending the Summer Session course in the subject and passing the required examinations.

7. Applications for supplemental examinations, accompanied by the necessary fees (see schedule of Fees) must be in the hands of the Registrar at least two weeks before the date set for the examinations.

8. No student may enter a higher year with supplemental examinations still outstanding in respect of more than 3 units of the preceding year, nor with any supplemental examination outstanding in respect of the work of an earlier year or of Matriculation unless special permission to do so is granted by Faculty. Such permission will be granted only when Faculty is satisfied that the failure to remove the outstanding supplemental examinations had adequate cause.

9. A student may not continue in a later year any subject in which he has a supplemental examination outstanding from an earlier year, except in the case of compulsory subjects in the Second Year.

10. A student who is not allowed to proceed to a higher year may not register as a partial student in respect of the subjects of that higher year. But a student who is required to repeat his year will be exempt from attending lectures and passing examinations in subjects in which he has already made at least 50 per cent. In this case he may take, in addition to the subjects of the year which he is repeating, certain subjects of the following year.

11. A student who fails twice in the work of the same year may, upon the recommendation of the Faculty, be required by the Senate to withdraw from the College.

12. Any student whose academic record, as determined by the tests and examinations of the first term of the First or Second Year, is found to be unsatisfactory, may, upon the recommendation of the Faculty, be required by the Senate to discontinue attendance at the College for the remainder of the session. Such a student will not be readmitted to the College as long as any supplemental examinations are outstanding.

13. Certificates of students' standings are mailed only at the close of the April Examinations, but, on request to the Registrar, parents may obtain statements at any time during the Academic Year.

14. Term essays and examination papers will be refused a passing mark if they are noticeably deficient in English, and, in this event, students will be required to pass a special examination in English to be set by the Department of English.
